

paige pendant

DESCRIPTION

The natural beauty and dramatic movement of wind over water are captured in this hand-blown glass pendant. Swirled textures are created by lowering the piece into a custom mold just before spraying it with cold water, shocking the molten glass to produce a unique crackle effect. An inner opal glass diffuser further accentuates the patterns and softens the light. Includes (1) 35 watt low-voltage GY6.35 base Xenon bi-pin lamp or 8 watt replaceable 500 lumen 80 CRI 3000K LED SORAA® module and 6' of field-cutable suspension cable. For use with 24 volt transformer, add suffix '-24' to item number (LED lamp option is not compatible with 24 volt transformers).

WEIGHT

5.14lb / 2.33kg ±

clear

light amber

smoke
